

8½ x 11" • 24#/60# base weight high quality laser paper

*when copy evident
just isn't enough*

**New and
Improved!**

CopySafe+™ has been developed to protect sensitive information from easily being scanned or photocopied. The technology also helps prevent the reproduction of alphanumerical characters and/or graphics such as pictures and maps.

Uses for CopySafe+™

- Confidential Office Documents
- Court Transcripts
- Wills and Testaments
- Financial Documents
- Contracts
- Manuscripts
- Patents
- Software Code and Concepts
- Schematics
- **Anything Sensitive!**

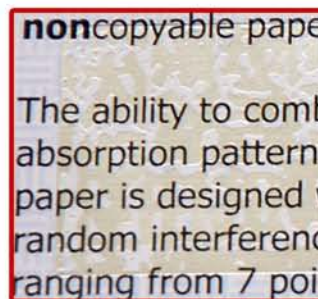

When it's absolutely necessary to protect original information from being copied; CopySafe+™ paper is the best and most reliable choice available.
